

Town of Latchford
Notice to Residents – Change to Garbage Collection Day

Dear Residents,

The Town of Latchford would like to inform you of an important change to our garbage collection schedule.

Effective Tuesday, April 21, 2026, garbage collection will move from Mondays to Tuesdays.

This change has been carefully considered to improve the efficiency and reliability of our services. One of the main reasons for this adjustment is to eliminate the need to reschedule collection due to statutory holidays. As many holidays fall on Mondays, collection has frequently been delayed or shifted, which can create confusion for residents. By moving to Tuesdays, we can provide a more consistent and predictable schedule year-round.

Additionally, with current staffing levels, this change allows for better allocation of time and resources. Having Mondays available provides our Public Works Superstar (Roger), with dedicated time to address other essential duties such as road maintenance, equipment preparation, and responding to operational priorities that arise after the weekend.

It is also important to note that garbage collection cannot occur on the same day as recycling. Unlike larger municipalities, Latchford does not operate with a bin-based system, and combining both collections on the same day would significantly increase workload complexity and reduce efficiency. Keeping these services on separate days ensures that collection is completed safely and effectively.

Overall, this adjustment supports:

- More consistent service with fewer disruptions
- Improved operational efficiency
- Better use of limited staff resources
- Safer and more manageable collection processes

A collection schedule is included on the back of this letter. Additional copies will be available at the Municipal Office.

We appreciate your understanding and cooperation as we continue to improve services for our community.

Sincerely,

Mayor and Council
Town of Latchford
